Registration Board Goes to Molokai.
-Iwalei Slaughter House
and Kahului Dis-
cussed.

At a meeting of the board of health
yesterday it was decided to reconsider
the resolution which was adopted at
the last meeting, referring to the pay-
ment of the plague bills. A letter
from Auditor Austin was the cause of
this action. Mr. Austin stated that he
could under no condition pay the bills
as suggested by the board of health;
that is, to pay 80 per cent on every bill.
He said that if the creditors wished to
deduct enough items to make the bills
amount to four-fifths of the original
sum, he would pay the bills. He sug-
gested that he pay the bills, beginning
with the oldest, and so on until the
appropriation should be exhausted.
The board decided to take Mr. Austin's
advice, and after a good deal of dis-
cussion G. W. Smith moved that the
bills for December, January, February,
March and April should be paid. That
brought the total up to \$20,443.92, while
the appropriation was about \$420 minus
that amount. Mr. Smith's suggestion
was to the effect that the executive
officer should deduct enough money
from the April bills to bring the
amount under the appropriation. Mr.
Cooper amended the motion so that the
bills should be paid until the fund was
exhausted, and in its amended form
the motion was passed.

Dr. Garvin then reported on the
registration of the leper settlement.
The doctor said that he had conferred
with Mr. Wray Taylor in regard to the
matter, and that Mr. Taylor informed
him that it would be impossible to ap-
point a new registration officer, on ac-
count of the lack of an examination
board. It was moved that permission
be granted to the registrars to go to
the settlement.

The lists of lepers sent to the board
last Monday were examined and in-
corrected.

Secretary Wilcox reported in regard
to the necessary health certificates for
teachers, that by a resolution of the
board of health, recently adopted, that
it was absolutely of importance to
teachers, as well as children, to have
good health certificates. Two weeks
from the opening of school was the
last date for such action.

The question of the proposed ward
to be built on Waiuku hospital came
up before the meeting. Secretary Wil-
cox reported that the necessary funds
were available, and the board decided
to build the ward.

Dr. Pratt, the city sanitary inspector,
sent in his report. The doctor stated,
among other things, that he had given
sixty-two building permits, five being
granted under certain conditions, and
five being refused. That he had made
163 visits to these buildings and 103
to other places. He had investigated
nineteen death certificates, had located
eight cesspools, had torn down four
quincies, and had investigated four
complaints. That in almost every case
his instructions had been complied
with. He had also expelled the squa-
tters from the Aala tract, the land be-
ing in an unsanitary condition. The
report was approved and placed on
file.

It was decided that Manager Waller
of the Metropolitan meat market should
be notified to take decisive actions at
once in regard to the Iwalei slaughter
houses, which were in a surpassing
condition of filth.

A request was read from Kahului
that the sanitary regulations be ex-
tended to that place, so that they
might have power to restrict the build-
ing of some Chinese quarters. It was
moved to request Kahului to make up
regulations of their own, using the city
regulations as a guide.

Dr. Garvin now opened his mind to
the board of health. It appears that
the doctor has a mule, or rather the
board has a sick mule, a mule with a
large appetite, a large doctor's bill,
and a still larger inability to perform
annual labor. Now, although the doc-
tor had a very tender spot in his heart
for the mule, he did not think that the
animal should live on the board any
longer, and suggested that he find bet-
ter board elsewhere. He also went on
to state that a Chinaman had offered
him \$50 for the mule. He asked the
board's advice. After considerable dis-
cussion, in which Hilo was contem-
plated as a future dwelling place for the
mule, the animal was turned over to
the doctor, with power to act.

The board then went into executive
session.

LABORERS FOR HAWAII.

Panation Negroes in Louisiana
Being Induced to Come.

NEW ORLEANS, La., August 6.-
J. B. Collins and John Hind, Hawaiian
sugar planters, reached New Orleans
two days ago on a mission to secure
negro labor for the Hawaiian sugar
fields. The gentlemen have already
begun work and several negro families
of Monroe, La., have decided to risk
a trip. The planters will visit sev-
eral Southern States. They are careful
in selecting their darkies, picking only
young negroes with small families.
They have refused to sign any city
negroes on the ground that the blacks
in the cities are of a lower moral stan-
dard and impregnated with the anar-
chist ideas which inspired the murderer
Robert Charles in his recent horrible
crimes in New Orleans. The negroes
under contract to Messrs. Hind and
Collins are promised \$3.50 per month in
Hawaii and they will have to reimburse
by slow payments half their transpor-
tation of \$50. They will be given
houses and gardens to work.
Mr. Collins before going to Honolulu
nine months ago, was Louisiana's State
Chemist and one of the experts at the
Audubon Sugar Experiment station.
The gentlemen will also secure negroes
in Porto Rico.

POLICE OFFICER SERVICE.

Order by Judge Silliman in an Ex
Parte Case.

Judge Silliman has signed an order
of default against defendants in Hono-
lulu Investment Co. Ltd. vs. Minnie
Uuanna et al, action to quiet title.
The following memorandum is append-
ed to the order.

It appears that the summons was
served by a police officer but not by a
sheriff or deputy sheriff. But it seems
to have been the long established prac-
tice here for such police officers to
serve such process. The matter is one
of construction only, and in this ex
parte cause, I felt that it was proper,
in view of the long established practice,
to hold that the service was within the
contemplation of the Legislature, as
shown by the practical working of the
law in the courts.
